Burt C. Abbott.

Charles E. Tilton, Treasurer.

Warrant for the Annual Town Meeting

State of New Hampshire

(L. S.)

To the inhabitants of the town of Tilton, in the County of Belknap, qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said town, on the ninth day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1st. To choose a Town Clerk, Town Treasurer, three Selectmen, two or more Road Agents, and two or more Auditors for the year ensuing.

2nd. To see what disposition the town will vote to make of the school and parsonage fund interest for the year ensuing.

3rd. To see if the town will vote to accept state aid for highways, and raise and appropriate money for the same, for the year ensuing.

4th. To see how much money the town will vote to appropriate for Memorial Day expenses.

5th. To see if the town will vote to authorize the Selectmen to lay five hundred twenty-five (525) feet of concrete sidewalk on Cedar Street, from the corner of High Street to Pine Street, and around the corner of Pine Street to connect with the sidewalk thereon, and appropriate sufficient money therefor. (By petition.)

6th. To see if the town will vote to macadamize the highway leading from the state road near the residence of Harry Libby to the corner of the highway near the power house of the Laconia Gas & Electric Co. (By petition.)

7th. To see how much money the town will vote to raise for all purposes for the year ensuing.

8th. To see if the town will vote to sell the lock-up at East Tilton.

9th. To see what action the town will vote to take in regard to the reports of its officers and agents for the past year.

10th. To choose all other officers and agents for the year ensuing.

11th. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-fifth day of February, 1915.

WILLIAM P. LANG,	}	Selectmen of Tilton.
WALTER C. WYATT,		
C. HERBERT FOSS,		

CONCORD, N. H., February 8, 1915.

TO THE SELECTMEN:

We suggest that you cause the following extract from the report of the Tax Commission for 1914 to be printed in your town report this spring. It may tend to economy in town appropriations.

Very truly,

STATE TAX COMMISSION,

By W. B. FELLOWS, *Sec'y*

Report State Tax Commission 1914.

INCREASE IN PUBLIC EXPENDITURES.

No power has constituted the members of the tax commission guardians of the public in respect to expenditures for the support of government, and they have no disposition to assume that role. Nevertheless, "economy being a most essential virtue in all states," and it being "the duty of legislators and magistrates * * * to countenance and inculcate the principles of * * * economy," all as set forth in the constitution of this state, the commissioners believe themselves to be amply justified in urging, as they have so often urged before, the importance of this subject upon the voters of the state. The public revenue, state and municipal, is the voters' business and they are responsible, directly or indirectly, for every extravagance affecting it from the inception to the termination of the fund.

Every compulsory contribution levied by public authority upon people or property is in the broad sense of the term a tax, nor is it made less obnoxious or burdensome if called a fee or a fine. In the figures that follow therefor, all fees, fines, and other exactions, if any, are included with the taxes upon polls and estates. To illustrate the comparative importance of the two classes, it may be said that the taxes

upon polls and estates represent about 95 per cent. and all other income about 5 per cent. of the total revenue of the state, and of the counties, cities, towns, districts and precincts therein.

Taxes as defined above have increased by leaps and bounds in recent years. In 1903 the sum of all the taxes assessed by and within the state of New Hampshire was \$5,373,420.22; in 1913 it was \$8,765,039.07, an increase of \$3,391,618.85, or 63 per cent., in ten years. But these figures do not adequately represent the velocity the upward movement has now attained. To show that it is necessary to divide the ten-year period: The levy in 1908 was \$924,388.79, or 17 per cent. greater than in 1903, while that in 1913 was \$2,467,230.06, or 39 per cent. greater than in 1908. By so much did the advance in the last half of said period exceed that in the first half. These figures will be the more alarming if it is remembered that while taxes already sufficiently heavy were advancing 63 per cent., the population of the state increased only about 4 1-2 per cent. and while the one was advancing 39 per cent., the other increased only about 2 1-4 per cent.

It is instructive to study the subject from another angle. In the ten years from 1904 to 1914 both inclusive, the annual increase in all taxes defined and limited as above was as follows:

1904	-	-	-	-	-	-	\$ 34,459.91
1905	-	-	-	-	-	-	286,590.14
1906	-	-	-	-	-	-	115,468.39
1907	-	-	-	-	-	-	411,257.46
1908	-	-	-	-	-	-	76,612.89
1909	-	-	-	-	-	-	539,995.97
1910	-	-	-	-	-	-	787,565.31
1911	-	-	-	-	-	-	215,848.50
1912	-	-	-	-	-	-	296,216.85
1913	-	-	-	-	-	-	627,603.43

The average yearly increase for the whole period was \$336,561.85. The upward trend is more plainly shown, however, by dividing, as before, the ten year period in the middle and considering the halves separately. For the first five years the average annual increase was \$184,877.76; for the last five years it was \$493,446.01. It is surely pertinent to consider how long the little state of New Hampshire, almost stationary in wealth, can sustain a tax already burdensome and increasing at the rate of practically half a million dollars a year without crippling her industries and impoverishing her people. Plainly it is a condition not calculated to attract capital from without the state or to encourage business within the same.

From the *per capita* standpoint the situation is not less disturbing. In 1903 there were assessed \$12.88 in taxes for each man, woman and child in the state. Five years later there were assessed \$14.75 for each individual, and in five years more \$20.09. If in 1913 taxes had been equally distributed among all the people it would have meant a burden of \$100 for each family of five members. Though in reality there was little such equality in the assessment there was much in the payment. The fact is that those who occupy, use or consume property, no matter who owns it, are those who in the last analysis pay most, if not all, of the taxes thereon. If the wage earner or the man of limited means understood he was in reality paying something like \$100 a year in state and municipal and half as much more in federal taxes for the government of himself, his wife and three children his influence and his vote would more frequently make for economy in appropriations and expenditures than heretofore.

No statistics for the year 1914 appear in the above paragraphs for the reason that they are not yet at hand except in part.

VALUATION OF THE TOWN

LACONIA GAS & ELECTRIC CO. VS. TOWN OF TILTON

Appeal from taxes of 1911, 1912, 1913, 1914, and equity
suit of said Company vs. Wyatt.

Jones, Warren, Wilson & Manning, counsel fees	\$500.00
Jones, Warren, Wilson & Manning, expenses	27.05
Oscar L. Young, counsel fees	250.00
“ “ expenses	8.51
John M. Meserve, counsel fees and ex- penses	120.00

\$905.56

In 1911 the Company was assessed for \$100,000, the taxes paid under protest, and in 1912 the assessment was \$225,000, a portion of the tax was paid and the property sold by the collector for the balance, to Walter C. Wyatt for \$1340, the Company bringing a bill in equity against him. The assessment for 1913 and 1914 was \$225,000, each year the tax paid under protest and suits brought for abatement. These cases have all been settled by Mr. Wyatt agreeing to accept 6 per cent interest on the money paid at the tax sale, instead of 12 per cent interest to which he would have been entitled if the court had decided in his favor and the Company agreeing that a decree be entered "Suits dismissed, no costs."

FRANK HILL, Treasurer.

Having examined the foregoing accounts I find them correctly cast and properly vouched, and a balance of seven hundred and seventy-two dollars and seventy-eight cents on deposit in the Citizen's National Bank.

C. E. TILTON, Auditor.

Feb. 25, 1915.

Report of Superintendent of Schools

To the School Board of Union School District:

I submit herein my fifth annual report as superintendent of schools, it being the seventh in the series of such reports.

We have been fortunate again in having few changes in the teaching force. Mr. Vining, after a service of three years as principal, decided upon further study, and his resignation at the close of the year was accepted with regret. Mr. James A. Whipple was elected to fill the position, but was unable to assume his duties until six weeks after the opening of the fall term. This difficulty was overcome through the assistance of Mr. Vining, who kindly consented to postpone his studies, and carried on the work as principal until the arrival of Mr. Whipple.

Miss Currier, teacher of the second grade and Miss Stoddard, general assistant, resigned in June to accept positions in Franklin and Manchester, where they could live at home. Miss Ethel M. Colby was elected teacher of the second grade. In place of the general assistant it was decided to elect a teacher of art and manual training, who should give any time not needed for these studies to assisting over large classes or backward pupils. This arrangement has proved very satisfactory. The principal is no longer obliged to leave his room to the assistant while teaching manual training, and the work in art becomes of much more value when guided by a competent supervisor. Miss Helen A. Watson has filled the position for the year. We have continued the prac-

tice, begun last year of giving Seminary seniors who are preparing to teach an opportunity of assisting backward pupils, and Miss Lena J. Phair has been employed regularly since September.

The membership of the school has remained at about the same figure as for several years past, the average membership being a little over three hundred. Three grades, the first, second and fifth, have numbered nearly fifty each.

A matter of importance to the tax payers of the district is the fact that the district no longer receives the rebate for high school tuition from the state. This aid is dependent upon the tax rate for school purposes for the year and the average general tax rate for the past five years. The increased valuation and consequent lower tax rate of Tilton has taken the town outside the terms of the statute granting such aid. The bill of over two thousand dollars for high school tuition will now be borne by the district alone.

The evening school has been taught by Mr. Whipple and Miss Shaw. Sessions have been held upon Monday, Wednesday and Friday evenings. The attendance has been much larger than last year, though not as large as two years ago. We have had an enrollment of twenty-four, with an average attendance of fifteen. In addition to these regular members, some twenty pupils from the day school, with average attendance of fourteen, have come in for special help in their studies. This is a development of evening school work not foreseen at the time of its organization. There is a demand, on the part of those attending, for a term longer than the ten weeks originally planned, and I think it will be possible, with the appropriation made by the school meeting, to contin-

ue for a total term of fifteen weeks.

The provisions of the medical inspection act, adopted by the school meeting a year ago, have been carried out by the election of Dr. Huckins as school physician. He has, in accordance with the terms of the act, made an examination of each pupil, and has reported to parents defects needing correction. He has also been the constant adviser regarding all matters of hygiene, and especially regarding action to be taken to avoid contagious diseases.

The school was closed for the week Oct. 16-23, after the occurrence of a case of diphtheria, to guard against further spread of the disease. The case had a sad ending in the death of Doris Simpson, of the seventh grade, but no further cases developed.

The school is in excellent condition. We have a strong teaching corps, co-operating harmoniously, and the work has been developed to a high degree of efficiency.

TOWN DISTRICT

We have been able to retain two teachers of tried quality, Miss Pike in the Lochmere school, and Miss Charlotte M. Curtis in the Highlands school. The Sanborn Road school has had two changes within the year, Miss Gamsby leaving at the end of the winter term, and Miss Gertrude A. Purdy, her successor, at the close of the spring term. Miss Wilma Curtis has taught the school since September. Miss Worthen resigned the Number 4 school at the close of the fall term, after a long and successful experience, and Miss Eva F. Hunt was elected to take her place.

The length of the school day, which has heretofore varied somewhat, has been made uniform in the four schools of the district, the two sessions now making a day of five and one-

half hours in each school. The last period, of three quarters of an hour, by vote of the school board, is given to hand-work, or an equivalent amount of time is given at some other hour of the day.

A notable addition to equipment, and one which has been received enthusiastically by the boys, is the outfit for wood-working, consisting of manual training bench, assortment of tools, and books of instruction and list of projects, with drawings, for each school. These have only recently been furnished and no report of work done can be made.

The Lochmere school has been furnished with a cooking outfit, and an extension table, similar to those previously provided for the other schools. Warm dishes are now regularly cooked by the pupils to accompany the noon lunch. The children of the Lochmere school have, by their own efforts, purchased a handsome book case, and those of the Highland school, a blue flame oil stove, with oven.

The Medical Inspection Act was adopted last year by Belmont and the Tilton Union District, and has proved satisfactory in both of these districts. Through an oversight it failed to be brought before the Tilton Town school meeting, and was not voted on. Since the matter appears in the warrant for this year it may be well to say that the act does not contemplate treatment of school children at the expense of the district, but an examination, at least once a year, of each child for the detection of defects which may interfere with his school work, or of contagious diseases which may prove a danger to his fellow pupils.

The Lochmere school has been closed, Feb. 16-26, on account of possible danger from scarlet fever, one of the pupils having been attacked while in attendance.

The district will fail to receive the rebate for high school tuition from the state, for the same reason as the Union district. The only items of state aid now available are the

Literary Fund and the rebate of one-half on superintendent's salary.

Respectfully submitted,

CHARLES A. BRECK,

Superintendent of Schools

	<hr/>	
		\$425 59
Paid:		
Interest on bonds	\$300 00	
Interest on notes	9 37	
	<hr/>	
		\$309 37
	<hr/>	
Unexpended balance,		\$116 22
Total Debt of District:		
Bonds outstanding	\$5,000 00	
Note at Citizens National bank	1,000 00	
	<hr/>	
		\$6,000 00

Owing to some misunderstanding, taxes were not assessed by the Selectmen this year, to cover two of the regular standing appropriations, viz: \$400.00 for Books

and Supplies, and \$1,500.00 for High School Tuition. We have received no High School money from the State this year, and also about \$400.00 "State Aid" through the town of Northfield failed to come. The above explanation will account for the cash balance of \$1,258 35 at the beginning of the year, shrinking to a deficit of \$989.18 at this time.

GEORGE B. ROGERS, Treasurer.

Having examined the foregoing accounts, I find them correctly cast and properly vouched, and a balance of \$10.82 on deposit in Citizens' National Bank.

(Signed). ELMER R. GALE,
Auditor.

Tilton, N. H., Feb. 22, 1915.

FINANCIAL ESTIMATE.

The School Board of Tilton Union School District makes the following estimate for the financial year ending February 15, 1916:—
